1. The following remarks were made by Tulpanov, Chief of the Soviet Information Office

2. New Soviet restrictive measures are not meant seriously and the situation will be normal in two weeks. Then a couple of days of calm will be followed by another bombshell. The capitalist powers are silly to speak of the struggle for Berlin since the city is already in Soviet possession. The object of the present and the future restrictive measures is to demonstrate that the western powers remain in Berlin only as tolerated guests in a "West Berlin Ghetto". When the Soviets decide to establish a German government in Berlin, the western powers will be unable to prevent it.
